30 SPORT: Elite 2 is studied to selectively stimulate the fast and slow fibers in order to train the different muscular properties.

57 FITNESS, BEAUTY & WELLNESS: Elite2 thanks to its compactness and the battery power supply, it is the ideal instrument to realize at home a program of special exercise to improve and maintain the physical shape.. The contraction obtained through the 'Elite 2 has a positive effect on metabolism and on muscular tissues, the same effects obtained during a normal physical exercise.

BEAUTY: A beautiful body expresses a sense of well-being and we have the duty to defend it against the time and the sedentary life. Today this aspect is considered an important value of our life and we can take care of our body and maintain the vitality by means of the aesthetics treatments that the electro stimulation offers.

WELLNESS HOME BODY CARE a way of wellness to take care of your body, to loose weight and keep your body in a perfect physical shape

13 REHAB & PAIN: stimulation programs are widely indicated for the functional recovery after a joints surgery operation and after an immobilization period (functional reha-

bilitation, hemiplegia, spasticity and urology).

PAIN: Transcutaneous electrical nerve stimulation, (TENS) is widely used to eliminate many forms of pains. Thanks to its soft impulses, TENS help you to recover one's health and well being

TECHNICAL FEATURES

Channels available: 2 CHANNELS (4 electrodes)
Frequency: 0 - 120 Hz
Power: 100 mA per channel
Impulse amplitude 50 - 400 μ s
Wave form: Square, biphasic symmetrical compensated
Power supply: 4 Batteries AA
Certification: It complies with Standard ISO 9001, EN 46001 electro medical device. Certified MDD

INCLUDED MATERIALS :

- 1 Carrying case
- 1 ELITE2 electrostimulators unit
- 2 Electrode connection cables
- 4 Reusable adhesive electrodes (5x5 cm)
- 4 Reusable adhesive electrodes (5x9 cm)
- 1 Operating manual
- 4 Batteries AA
