

The NUMBER 1 Finger, Hand, Wrist and Forearm Exerciser in the World !

Power-Web® Senior

The Power-Web® Senior is 36cm in diameter and weights 450gr. Its unique patented design allows a variety of exercises to be performed comfortably and effectively. Constructed of high quality rubber with special agents added for durability and strength, the Power-Web® will last for years (with proper use and care).

Power-Web® Junior

The Power-Web® Junior is 18cm in diameter and weights 225gr. Just half the size of the Power-Web® Senior, it has all the same features as the larger product and delivers many of the same benefits when used in a hand and wrist exercise program.

Power-Web® Combo

The Power-Web® Combo features a unique advantage of two resistance levels in one, offering greater flexibility and value. It is identical in size and weight as the Power-Web® Senior with the same high quality construction and materials. With 4 Power Web Combo's you cover 6 Resistances/ Colors.

!! 2 NEW COMBO'S !!

! 4 combo's cover 6 Colors/Resistances !

AnkleTough®

The AnkleTough® is everything you need in an at-home therapy tool to fulfill your goal of complete recovery of injured ankles. It effectively strengthen the surrounding ankle muscles and tendons and it is also suited to unsupervised home use.

The AnkleTough® rehab system consists of four tension straps that are constructed of heavy-duty elastic and are cut and stitched to form two conjoined loops that easily fit over the shoe or bare foot.

The available resistances are: light (white), medium (yellow), strong (red) and tough (blue).
